

When you feel the need for **SPEED...**

JetFlash[®] 600

USB Flash Drive

If you are looking for speed, space, and high quality, the JetFlash 600 is the cream of the crop. Thanks to its use of advanced dual-channel technology, the JetFlash 600 transfers data in the fast lane, featuring an ultra fast 200x read speeds of up to 32MB/sec and write speeds of up to 18 MB/sec.

Drawing design inspiration from aerodynamic automobiles, the JetFlash 600 features a smooth gloss-black finish along with a translucent color-band that lights up when the drive is accessed, making data transfer easy, straightforward and convenient. With huge capacities up to 32GB, the JetFlash 600 is about to meet the demands of the most capacity-hungry storage environments.

High Speed
200x

Up to **32GB** of storage capacity

JetFlash® elite

E-Mail

Take your E-mail with you on the road

JetFlash elite allows you to store your E-mail for easy access when traveling. Send, receive, and save email safely on your JetFlash using any compatible computer – without leaving any trace of your correspondence for others to find.

Favorites

Browse your favorite websites wherever you go

The Favorites function saves a copy of all your Internet Explorer Favorites on your JetFlash, allowing you to plug your JetFlash into any compatible computer and browse your websites just like you would at home.

AutoLogin

Convenient one-click automatic website log in

Instantly log in to your online website accounts with just a single mouse click. AutoLogin keeps a secure database of all your online usernames and passwords on your JetFlash, so you'll never worry about losing your password again.

Secret-Zip

Powerful security with encrypted file-compression

Compress your saved files to maximize memory storage space and password-protect your data with powerful 256-bit AES Encryption. With Secret-Zip, you can store files securely while saving space at the same time.

DataBackup

Backup, restore and synchronize your mobile data

Automatically backup, restore, and synchronize your important data. Once a backup is created on your JetFlash, DataBackup allows you to instantly update the backup with any modifications you might make in the future with a single mouse click.

PC-Lock

Protect your computer with confidence

Use your JetFlash as a key to lock your desktop or notebook computer and prevent others from accessing your data while you are away. Simply unplug the JetFlash to lock, and plug it back in to unlock.

My JetFlash

A shortcut to all your JetFlash data

Just one easy click opens your JetFlash folder, so you can manage your files quickly and easily.

- * JetFlash Elite software only works with Windows® 7 / Vista / XP / 2000
- * To use PC-Lock and AutoLogin you must have Administrator rights.
